Institution's Innovation council
IIC6-Q4 Calender Driven Activity Report

Program: Organizing Innovation & Entrepreneurship Outreach Program in Community	Title Of Activity: One week internship programme in Building-Data Collection at Ramanattukara Municipality	
Organizer: The Institution's Innovation Council (IIC) in association with Department of CE	Name of coordinator: Dr. Saravanan Associate Professor Department of Civil Engineering	Date: 20-24.05.24 Time: ONE WEEK Venue: Online
Objectives: To enhance the skills that can significantly impact the quality and effectiveness of surveying work of outreach community		
Resource Person: Municipal Superintendent and overseer		
Summary: The Institution's Innovation Council (IIC) in association with Department of CE organized one week internship programme. Civil Engineering students of Vedavyasa Institute of Technology completed one week internship programme in Building-data collection at Ramanattukara Municipality. The whole programme was based on Municipality building tax revision. It was under the guidance of Municipal Superintendent and overseer. During this period of internship, plinth area of every commercial and residential buildings in all 31 divisions of municipality were measured. Knowledge about the measurement of plinth area of different types of buildings was the main aim of the internship. Students learned about the RCC building structures, plan reading and municipal rules of measurements of plinth area.		
Benefit to faculty/students: Developing the ability to critically evaluate information, arguments, and evidence is vital for any researcher.		
No of participants: 63 (60 Students and 3 Faculty)
