<b>Summary:</b> <p>The institution's innovation council organizes "Workshop on Design Thinking, Critical thinking and Innovation Design" on 22.02.24 at 10.00 PM at Vedavyasa Institute of Technology. Ms Rinsha AP CE welcome the gathering. Ms ANJANA R Kerala Knowledge Mission delivers that Design Thinking allows us to adopt a human-centred perspective in creating innovative solutions while also integrating logic and research. Critical thinking is the analysis of available facts, evidence, observations, and arguments in order to form a judgment by the application of rational, skeptical, and unbiased analyses and evaluation. Design innovation is defined as a multifaceted concept that involves the creation and application of novel ideas, processes, and solutions within the realm of design to address challenges, improve functionality, and enhance user experiences. The session ended with discussion and vote of thanks by Student coordinator</p>		
<b>Benefit to faculty/students:</b> Save Time, Money, and Effort. Design thinking can streamline the innovation process
