

No. III Cell/01

Dated 01.08.19

Subject: Constitution of Industry Institute Interaction Cell (III Cell)

Industry Institute Interaction Cell (III Cell) is constituted in Vedavyasa Institute of Technology with the following objectives

Objectives:

- To synchronize the quality of education to meet the trend of industry.
- To produce employable students i.e. "Industry-ready students."
- To conduct other value added programs based on industry requirements.
- To integrate industrial training and other inputs to develop students.
- To offer research, development, consultancy and testing services to solve industrial problems.
- To share the experience and expertise between institutions and industry for mutual benefits.
- To improve curricula, faculty, infrastructure, pedagogy in line with the industry's requirements.
- To develop efficient work culture in students.
- To organize lectures by experts from industry
- To give industrial exposure to faculty members and students, thus enabling them to tune their knowledge to cope with the industrial culture
- To assist the departments in organizing workshops, conferences and symposia with joint participation of the industries
- To organize industrial visits for faculty members and students
- To identify the areas for executive development programmes in the areas of recent technological advances
- To assist the departments in establishing rapport with industries for taking up mini projects and projects
- To coordinate industrial partners for proposing 'Centre for Excellence'.
- To assist the training and placement division
- To organize Memorandum of Understanding between the institute and industries to bring the two sides emotionally and strategically closer
- To arrange R&D Laboratories sponsored by industries at the institute.
